

Prosperity Automated System's Leading Mentor Charlie Golick Endorses PAS's Advanced Internet Technology

Date: 02-13-2006 10:34 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [Golick Marketing Group](#)

Charlie Golick, president of Golick Marketing, www.GolickMarketing.com, success coach and top income earner with several companies, recommends Prosperity Automated System (PAS) to anyone who wants to earn serious automated income from home. PAS's latest Internet technology and their leading mentor Charlie Golick, make a winning combination.

Prosperity Automated System is a 100% automated business utilizing advanced Internet technology to promote itself, produce and sort leads, and provide pre-qualified prospects to members. In addition to promoting itself, PAS can be used to promote products, services or income opportunities of any other business.

"PAS does the prospecting for you instead of you calling strangers, and facing rejection. You only talk to prospects interested in your product, or PAS system itself," commented Mr. Charlie Golick, president and founder of Golick Marketing Group. "Prosperity Automated System is a marketing revolution that allows anyone to earn meaningful money on the Internet."

"Thousands of Internet users around the world are using search engines daily and typing in search phrases trying to find a way to make money on the Internet. PAS is utilizing search engine pay-per-click advertising with over 8,000 targeted keywords. Very sophisticated software rotates PAS members' replicated affiliate sites, which are hyperlinked in the PAS advertisement. When the searcher clicks on the member's PAS ad, the software sorts and qualifies the prospect, and filters out the truly interested ones."

"Once the system has qualified the prospect, the next step is critical. This is where many opportunities fail since many home business owners don't know how to close sales. Prosperity Automated System has solved this problem for good. In case of prospects interested in PAS, only the professional and experienced PAS Team Leaders follow-up with them."

PAS Team Leaders, who work almost around the clock, contact and close prospects. In most cases, they even handle the funding process. Members earn \$3,000 or \$1,100 per sale after the first qualifying sale. To keep the member informed, PAS Team Leader reports every step throughout the sales process to the member using an advanced contact technology.

Charlie Golick, President of Golick Marketing Group, is a success coach and a direct sales cash flow consultant. He has been the top income earner and recruiter for several companies, and his passion is to help others succeed in their home businesses. His motto is: Service to Others is the Essence of Success.
