Category: [IT, New Media & Software](#)

Press release from: [Assmann Electronic GmbH](#)

DIGITUS® offers its customers a special sound experience with the stereo multimedia headset. The user has the opportunity of using the DA-10226 either as headphones or as a speaker.

The stereo multimedia headset is equipped with an amplifier so that it can be converted into a stereo speaker. Optimum recording quality can be reached by using the individual swivel out microphone on the headset, which can be removed according to requirements. A cable remote control with loudspeaker volume control and change over switch for headphones / speaker is also supplied for even more comfortable use. The all round, upholstered contact surfaces and the extra cable length for optimum carrying comfort round off the profile even more.

The power supply for the integrated amplifier comes from the USB and the supplied rechargeable battery is used for the speaker / amplifier function when you are travelling. The speaker diameter is 50 mm, whereas the headphones speaker has a diameter of 40 mm.

The impedance is 32 Ohm and frequency response of the loudspeakers is 20 Hz – 20 kHz, the frequency of the microphone is 30 Hz – 16 kHz, the sensitivity is - 60 dB and the amplifier output capacity is 2 W. The supplied cable has a length of 2.80 m to allow flexible handling of the multimedia headset.

The recommended retail price for the multimedia headset is € 35,99.

Editors receive a test sample by request from the press contact stated below.

Dealers can obtain further information from www.digitus.info. DIGITUS® products can be purchased by dealers from the usual distributors.

Brief company profile

ASSMANN Electronic GmbH was founded in 1969 in Lüdenscheid/Germany as a manufacturer of connectors and adapters for internal and external computer cables.

With his own branches in Austria, France, Sweden, Croatia, Slovenia, Poland, Mexico, USA, China and Taiwan, this ISO-certified specialist in computer accessories and network solutions today supplies IT distributors and key accounts worldwide. The major part of the product range consists of the DIGITUS® brand range. Active and passive network components, KVMs, USB and Firewire products, cables, adapters and connectors, (S)ATA/SCSI products, peripherals, notebook, PDA, computer and multimedia accessories are supplied both for private consumers and professional users. The DIGITUS® brand was introduced in 1994, and is now well-known in many markets for its “Best Value for Money” quality.
