

Dakota County, Minnesota to eRecord with Simplifile

Date: 08-14-2008 04:30 PM CET

Category: [Industry, Real Estate & Construction](#)

Press release from: [Simplifile, LC](#)

Simplifile announced today that Dakota County, Minnesota will begin electronically recording (eRecording) land record documents such as satisfactions, and mortgages, submitted by title companies, banks, and attorneys to the Recorder's Office through the Simplifile eRecording Service.

To demonstrate the features of eRecording, the Dakota County Recorder's Office is hosting an eRecording kick-off meeting on Tuesday, August 19, 2008 from 1:00 pm until 2:00 pm in Conference Room 2B of the Dakota County Administration Center located at 1590 Hwy 55 in Hastings, Minnesota. Simplifile Vice President, Dallen Miner, will be in attendance to demonstrate the system and conduct a question and answer session.

eRecording is the process of submitting, receiving, and processing, via a secure Internet site, documents for recording that have traditionally been delivered to the county for recording by runner, express mail, or courier service. eRecording offers customers the ability to simplify and accelerate all aspects of the recording process, dramatically shortening the gap and improving auditability.

"Simplifile is pleased to provide industry-leading eRecording services to the Dakota County Recorder's Office and their customers. By implementing eRecording, Dakota County is taking proven steps to make the land record submission and recording process easier, more secure and cost-effective through the use of technology," said Paul Clifford, President of Simplifile. "Based on our experience deploying eRecording solutions in counties nationwide, companies doing business with the Recorder's Office will enjoy significant cost savings—including savings on fuel and transportation costs—productivity gains, and enhanced filing and recording services by eRecording with Simplifile."

Individuals and organizations that regularly file documents with Dakota County are invited to contact the Recorder's Office or Simplifile for more information on how to take advantage of Simplifile eRecording services.

Simplifile, LC
4844 North 300 West, Suite 202 Provo, Utah 84604

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Our eRecording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while improving client service levels dramatically.

Simplifile is focused on building the industry's de facto eRecording network. As such, we provide a streamlined yet scalable approach to electronic recording tailored to customers of all shapes and sizes.
