SOUTH STANN CREEK, Belize – Feb. 17, 2006 – Adventure seeking couples and honeymooners are drawn to Belize for its picturesque landscape and rich ecosystems teeming with exotic birds, animals, and fish. Belize is graced by the largest barrier reef in the northern hemisphere; beautiful coral atolls are sprinkled all along its Caribbean coastline. Scuba diving and snorkeling in Belize ranks amongst the best in the world and visitors are treated to an underwater spectrum of aquatic life including over 65 species of coral and 300 species of fish.

The adventures that Belize has to offer are not just contained in the sea. In Belize couples are also free to explore diverse environments and cultures. Belize is home to ancient Mayan ruins, a world renowned jaguar preserve, towering rainforests, countless secluded waterfalls, and other unforgettable picture-perfect settings.

Newly weds and couples in love are following their hearts to Belize to experience a romantic vacation that they will remember for the rest of their lives. The unspoiled landscape of Belize makes for the perfect backdrop for couples to explore and cultivate their romance together.

On the southern beaches of Belize, overlooking the emerald waters of the Caribbean sea, one finds the secluded Kanantik Reef & Jungle Resort. Kanantik ([www.kanantik.com](http://www.kanantik.com)) is the only all-inclusive eco sensitive resort in Belize that captures everything this country has to offer in one truly romantic setting. A stay at Kanantik will treat couples to exceptional accommodations on a private and secluded beach-side setting surrounded by rainforest. Nourish the flame of romance by walking hand in hand down Kanantik's private beach and then later share an adventure with your partner by exploring towering rainforests, canoeing down wild jungle rivers, or snorkeling in the azure waters of the Caribbean Sea all with a sense of style and care that only a luxury eco-sensitive resort can offer.

"The honeymooners that come to Kanantik all agree that the exotic blend of nature and luxury found at Kanantik surpasses all of their expectations," explains Roberto Fabbri, Managing Director and Co-owner of Kanantik. "Honeymooners and couples come to Kanantik to stay in a place that is unique from any other location in the world."

The "Romantic Honeymoon" package offered at Kanantik includes a six night all-inclusive stay in a luxurious hand-crafted fully air-conditioned secluded beachfront cabana. This unique package features three guided adventure tours, all daily meals with gourmet dinners that can be served by romantic candlelight on the private veranda of your Cabana or on the beach under a dazzling sky of brilliant stars. Also included is champagne upon arrival, unlimited beer, wine and cocktails, and fresh daily flowers in your room. Guests of Kanantik also enjoy complimentary use of sea kayaks and Hobie Cats.

All vacation packages at Kanantik also include round-trip air transportation between Belize City and Kanantik's private airstrip, all taxes, and gratuities. For more information on this and other vacation packages at Kanantik please visit [www.kanantik.com](http://www.kanantik.com) or call for reservations at (Toll free) 1-877-759-8834.

### About Kanantik Reef & Jungle Resort

Kanantik Reef & Jungle Resort ([www.kanantik.com](http://www.kanantik.com)) has become one of the premier all inclusive resorts in Belize. Kanantik sits on the largest privately owned acreage on the ocean for any of the Belizean resorts and consists of 25 separate, individual air-conditioned cabanas, each indulgently spacious and luxurious. Kanantik is the only all-inclusive eco-sensitive resort in Belize designed to showcase both the emerald waters of the Caribbean and the pristine exotic Belizean forest in one truly picturesque setting. Guests can walk from their secluded cabaña early in the morning along 1,300 feet of unspoiled private beach or into our 300 acres of forest for birdwatching. Daily scuba diving or snorkeling on the largest barrier reef in the

northern hemisphere is offered at Kanantik and includes state-of-the-art scuba gear and a 42-foot Newton dive boat. Kanantik Reef & Jungle Resort also has its own private airstrip, serviced by local airline Tropic Air.
