

Opus Energy are to exhibit at the Energy Event 2008 in Birmingham

Date: 08-27-2008 03:21 PM CET

Category: [Energy & Environment](#)

Press release from: [Opus Energy](#)

Opus Corporate Solutions will be exhibiting at this year's Energy Event in Birmingham.

The Energy Event is the UK's only annual exhibition and conference which focuses solely on energy procurement, management and efficiency. The event will take place from 10th – 11th September and has multiple concurrent tracks offering insight into policy and regulatory issues plus practical cost and energy saving advice.

Opus Corporate Solutions will be showcasing:

Opus Evolution, which enables customers to dictate how and when to procure their electricity, offering considerable cost savings and direct access to the wholesale market.

Free smart metering; Opus Energy is the first energy company to make smart meters available to all its customers free of charge

To celebrate Opus Evolution's position at the forefront of the energy market, Opus Energy is hosting a Nintendo Wii™ Mario Kart tournament. Trophies and champagne await the successful challengers, with the Nintendo Wii™ consol itself up for grabs for the tournament winner. Come and show off your racing skills at the Opus Energy stand 258 and see if you have what it takes to power ahead of the competition.

Opus Energy
Opus House
285 Banbury Road
Oxford
OX2 7JF
