Shop PartsTrain for a wide selection of auto parts marked up to 75% off dealer pricing.

Parts Train is a rapid response supplier of truck and car parts for consumers, auto-body shops, and car repair facilities who require top quality after market parts. More than 100,000 different parts are available direct to the consumer at heavily reduced prices.

To ensure you'll feel secure when placing orders online, every order is processed through our highly secure 128-bit encrypted servers. It's this forward-thinking competition-driven philosophy that has propelled us into a leadership position in the automotive parts market. Combine that with our commitment to customer satisfaction and we offer up a winning

### Parts Are Painted

All parts are primed and ready to be painted (unless chrome plated.) We do not offer pre-painted parts as it is not possible to color match without access to your vehicle. Please consult your body shop for installation and painting needs.

### What if I don't know my car's model Year ?

If you have a vehicle identification number (VIN), it is possible to get other information about the vehicle from that number - like the year. Manufacturers who produce more than 500 vehicles a year must use a standardized 17-digit vehicle identification number.

### What does your warranty cover ?

Our warranty covers the replacement of a defective part within the original warranty period. We warranty all parts for a period of 90 days from date received from original purchaser or installer unless otherwise specified. Warranties only apply to parts replacement. If a replacement part cannot be obtained a full refund will be issued to the original purchaser. Any refunds or exchanges must be accompanied by the original sales invoice. Warranties are limited to the original parts purchaser and are non-transferable.

### Testimonials

"I was just thinking how your company have helped me a lot lately, so I thought I'd drop you an email to show you how much I appreciate your help. Thank you, my truck has never had a smoother ride."
