Press release from: [Softweb Solutions Inc.](#)

Chicago, Illinois – September - Softweb Solutions, a leading outsourcing services provider for software and IT related products, has announced that it has achieved the Microsoft Gold Certified Partnership in the Microsoft Partner Program.

With so many companies being Microsoft Certified and struggling hard to be included in the list of Gold Certification validation, Softweb Solutions Inc. enjoys to be one of such Gold Certified Companies in the Microsoft Partner Program. September 2008 was the month of this achievement for Softweb Solutions Inc, headquartered at Chicago, US and having an offshore development center at Ahmedabad, India.

“We are extremely delighted to attain the Gold Certified Partnership in the Microsoft Partner Program. The Microsoft Gold Certification proves our commitment and expertise in developing & delivering consistent high-quality software products to our clients,” said Mr. Ripal Vyas, President of Softweb Solutions Inc.

Key Benefits of being a Gold Certified Partner

1. Acknowledges our expertise in working with Microsoft technologies
2. Regular training, support and access to upcoming Microsoft technologies
3. Proven ability to meet customer’s requirements satisfactorily

Other Microsoft Competencies Achieved by Softweb Solutions Inc.

1. Microsoft Networking Infrastructure Solutions Competency
Proven competency on implementing technology solutions based on Microsoft Windows Server Operating System or Microsoft Windows Small Business Server
2. Microsoft Mobility Solutions Competency
Proven competency in providing Windows mobile based solutions and services based on the Windows Mobile 6 technology platform to its customers
3. Microsoft Certified Small Business Specialist
Recognized specialization in the design, deployment and customization of small business solutions using Microsoft technology
4. Security Solutions Competency
Proven competency in building Microsoft Security Solutions to protect a customer’s information assets
5. Microsoft Business Solutions Competency
Proven competency in deploying Microsoft Business Solutions applications for at-least one of the Microsoft Dynamics Products like
 - Microsoft Dynamics AX
 - Microsoft Dynamics CRM
 - Microsoft Dynamics NAV
 - Microsoft Dynamics GP
 - Microsoft Dynamics Point of Sale
 - Microsoft Dynamics SL
