IRVINE, CA – Earthbound Media Group (EMG) is pleased to kick-off its fall season with more high profile recognition for its rapid growth. Commended for its impressive growth by both local and nationally-syndicated publications including OC Metro Business and Inc. Magazine already this year, EMG was recently named the 3rd fastest growing private company in the Orange County area by the Orange County Business Journal (OCBJ).

In an awards ceremony held Thursday, October 2nd at the Hyatt Regency Irvine, the OCBJ unveiled its highly anticipated second annual list, ranking privately held, Orange County-based companies by percentage revenue growth from June 30, 2006, through June 30, 2008. With its 525% increase in revenue and sales reaching \$2.5 million over the past two years, EMG rounded up the top three, trailing behind medical service provider American Correctional Solutions and Newport Beach-based video game store franchisor Play N Trade.

“This award is one we are truly proud of,” explained Blaine Behringer, EMG’s Principal and Executive Producer. “From when EMG was initially conceived, the growth of our incredible team has driven our company well beyond the expectations of both myself as well as our clients. This award is a tangible representation of the hard work, dedication and resilience we’ve demonstrated to overcome tough challenges that nearly prevented us from getting where we are today.”

EMG partners Blaine Behringer, Damien Navarro and Lawrence Williford were all in attendance and featured alongside company executives and staff, sponsors and guests. Distinguishably ranked among the companies honored at the cocktail event, EMG was honored alongside technology consultant firms, software companies and even Irvine-based consumer electronics manufacturer Vizio.

“Our talented group along with the support of our technology partners is really what has gotten us here. Without them, EMG wouldn’t have been able to succeed and deliver some of the most innovative digital communications and marketing solutions around,” added Navarro. “Even in the midst of a troubled global economy, I am confident that our continued success will lead to ongoing profitable growth and a prosperous future.”

The OCBJ’s annual list has featured renowned brands including Vestal, LRG (Lifted Research Group), Wahoo’s Fish Tacos, Yakety Yak Wireless, Pacific Life Insurance and Yard House Restaurants. The 2008 list of the OC’s 100 fastest growing private companies is set to appear in this week’s edition.

EMG is a one-of-a-kind, technology-driven strategic marketing agency. Our singular goal is to evolve the digital and visual landscapes of business for corporations, brands and non-profits worldwide.

As a leader in the marketplace, EMG has single-handedly set a benchmark for complexity, creativity and vitality in the solutions we have provided for both our partners and clients alike.
