Press release from: [Famous Pacific Shipping](#)

Forwarding network, the Famous Pacific Shipping (FPS) Group, has appointed Blue Calm Marine Services as its general agent in Iran.

Tehran-based Blue Calm Marine Services is a privately-owned Iranian shipping agency and forwarding company with long experience and its own offices in the main Iranian ports and oil terminals.

"We welcome Blue Calm Marine Services to the FPS global network," says Iskandar Zulkarnain, Chairman of the FPS Group's Executive Committee.

"I am sure this will be a profitable and successful relationship between our organisations. Iran is a fascinating country, lying as it does on some of the most important trading routes in the Near East. With the new general agent's knowledge of the local market, the members of the Famous Pacific Shipping group gain a strong foothold for future business in Iran through this appointment.

"In fact, Blue Calm Marine has recently worked with FPS Shanghai to move 60 teu of Chromite from Bandar Abbas to Shanghai."

Mr Zulkarnain adds: "Companies that are members of the Famous Pacific Shipping group offer an array of international NVOCC and freight forwarding operations. As a group, we are always investigating how to expand our services and network of partners.

"All partners share the Famous Pacific Shipping commitment to high quality services backed by integrated IT systems, financial stability and professional personnel. All have an equal chance to achieve expansion and benefit from the group's policy of appointing strong local and regional partners, whilst continuing to look for international opportunities. This continues to assist in growing our route capability through mutual sales, allied to local expertise."

Famous Pacific Shipping's global network now includes 43 individual companies from 22 different nations worldwide, working together under the FPS banner.

-ends-

Famous Pacific Shipping is an award winning air and sea freight forwarder based in Asia, managing the flow of goods and information to and from any of the world's busiest ports.
