Press release from: [Rajan Dental](#)

Chennai, India - Dr Rajan Gunaseelan, Medical Director at Rajan Dental (rajandental.com), has been elected as the President of the Association of Oral & Maxillofacial Surgeons of India (AOMSI – aomsi.com) at the organization's 33rd Annual Conference, held on November 29, 2008 in Lucknow, India.

The AOMSI is an association of qualified Oral and Maxillofacial Surgeons committed to the promotion of excellence in the field of Oral and Maxillofacial surgery. Through its scientific deliberations, publications, continuing education programs, and conferences, AOMSI provides a forum for Oral and Maxillofacial Surgeons to interact and exchange information on the latest developments in the field. It also admits dental and medical professionals who have an interest in Oral and Maxillofacial surgery, as non-voting Associate members.

Dr. Gunaseelan is one of India's premier Oral and Maxillofacial Surgeons, with a special interest in Dental Implants, Facial Deformity Correction, Temporo Mandibular Joint surgery, Cleft Lip & Palate Management, and Oral Pre-cancer treatment. He is a renowned dental implant surgeon and a thought leader in implant dentistry. Dr Gunaseelan has introduced many sophisticated dental implant techniques that have advanced the cause of dental implant surgery in India. He was the first

Indian surgeon to perform the ground breaking Key Hole Dental Implant procedure within a few months of its USA launch. He is also a much sought after international speaker with several international publications to his credit.

On the occasion of his appointment Dr. Gunaseelan said, "I am honoured that my colleagues have entrusted me with the responsibility of serving as President. The AOMSI is the leading organization for advancing Oral & Maxillofacial Surgery and we strive to promote excellence and break through innovation in the field".

In addition, the prestigious Royal College of Surgeons, Edinburgh has appointed Dr Gunaseelan to its panel of examiners for the Diploma in Implant Dentistry examination. The Royal College of Surgeons is a five hundred year old world leader in medical education and this examination is a new addition to its curriculum. Dr. Gunaseelan is the only examiner appointed to the panel this year from all of Asia.
