Stacks and Stacks offers the largest selection of storage and organizational products on the web for both your office and home. No matter what type of organizer you are looking for, you're sure to find it at Stacks and Stacks.

Stacks and Stacks sells our products through the the Internet, Catalogs, and our Retail Store.

People often ask "Why the name Stacks and Stacks"? Well if you've ever tried to name a business you'll understand the challenge. When we started, our merchandise mix was exclusively storage and organization products. The aisles were packed with crates, boxes, bins, boxes, cubes and the shelves were piled high to the ceilings. Stacks of organizing items. Thus the inspiration, why not just call our Company -Stacks and Stacks. Over the last 22 years people have come to rely on us for help in getting rid of clutter, organizing rooms and files, basically simplifying their lives and furnishing their homes with functional , attractive products.

Since 1984 Stacks and Stacks has operated Retail stores in the San Francisco Bay Area and Seattle, Washington. When we started our Internet and Catalog operations in 1998, we decided to scale back the Retail components and just keep one store. Over these many years we have established an excellent reputation with our Customers as well as the over 900 vendors we deal with. Our deep experience has enabled us to find the most reliable manufacturers and products which certainly has contributed to our success.

We pride ourselves in having staff members that have been with Stacks for over 18 years. Their experience and knowledge contributes greatly to our success. Many of our people started in our stores, or warehouse as sales associates, or order pickers and have risen to positions of greater responsibility. Promoting from within, and offering to pay for work related education has created a loyal staff.
