VoisTel Recognized for Outstanding Innovation

Bucharest, Romania, (07/01/2009) — TOPEX announced today that Technology Marketing Corporation's (TMC[®]) INTERNET TELEPHONY magazine (www.itmag.com) has named VoisTel as a recipient of its 2008 Product of the Year Award.

TOPEX VoisTel is a VoIP Private Branch Exchange perfect for small medium business environments. It offers full PBX functionality and services while enhancing the enterprise communication with new applications due to the underlying IP infrastructure. TOPEX equipment has all the features of a classic IP PBX and additionally it incorporates GSM boards for convergence with mobile networks. The equipment has built-in ISDN-PRI (E1) or ISDN-BRI and VoIP interfaces together with GSM/3G channels. The hardware and software modularity allows any company to customize their own solution depending on needs. By means of integrated GSM/UMTS board, all the calls can be managed in an efficient way, offering the opportunity to converge all type of existing networks into your communication system: PSTN, IP and mobile networks.

"It is truly an honor and a privilege that VoisTel has been named 2008 Product of the Year by Technology Marketing Corporation (TMC). Through this award we once again prove our commitment to quality and our continuous efforts for development in the IP area.", said Mr Dan Adamescu, CEO of TOPEX. "This is an acknowledgment of our endeavor to meet the increasing requirements of highly business environments and telecommunication market.", added Mr. Adamescu.

"INTERNET TELEPHONY is pleased to grant a 2008 Product of the Year Award to TOPEX for their VoisTel. TOPEX has proven they are committed to quality and excellence while addressing real needs in the marketplace," said Rich Tehrani, TMC President and Editor-in-Chief of INTERNET TELEPHONY magazine. "We're proud to honor their accomplishments in the advancement of IP communications and look forward to more innovative solutions from them in the future."

A full list of Product of the Year winners will be published in the February, 2009 issue of INTERNET TELEPHONY magazine, (www.itmag.com). INTERNET TELEPHONY has been the authority in IP communication since 1998[™].
