Daryle does what he is so great at, which is capturing the emotion of the lyric storylines causing you to feel what he is singing, then phrasing the melody for each song making them unique to him. Those are just a couple of attributes why he is a 'true artist' and considered

one of the best country music singers ever. His vocal delivery on the first single from the CD 'Love You With The Lights On,' makes this song a bona fide hit! An enthusiastic and aggressive promotional campaign is being set forth by our team."

After enjoying #1 hits "I Let Her Lie," "The Note" and other chart toppers, when asked about the new release, Daryle says; "I spent a lot of time on this project, because I wanted it to be the very best representation of who I am vocally and lyrically. I invited a few of my friends that I've always admired, to come into the studio with me."
