

## New domain for international marketing, exports, foreign trade - customer orientated

Date: 03-27-2006 10:16 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [Michael Richter - International marketing and sales consultant](#)

The new domain [www.marketing-und-vertrieb-international.com/en/](http://www.marketing-und-vertrieb-international.com/en/) had been launched in order to assist small and medium-sized companies all over the world to be more successful in international trade and thus become independent from local/regional economic trends.

The site is destined to answer a lot of presently important marketing questions and offers e. g. a test for a companies' marketing system -> NEWS 'test your marketing'.

The target of the whole site is to assist German/European companies to conquer the world-markets but also to foreign companies to reach Europe - East and West - as 'customer-orientated' as possible/needed.

Michael Richter lives in the true heart of Europe near the Lake of Constanze and thus can reach the metropolitan areas of the most important European countries as well by car as by plain within a few hours.

The site is based on

- the graphical design of [www.teame.de/](http://www.teame.de/) (Mr. Fuhr)
- the perfect CMS-system of [www.symweb.de](http://www.symweb.de) (Mr. Schradi) and
- the hosting solutions of [elokron.de/](http://elokron.de/) (Mr. Hoyer)

all of which belong to the best German Internet-companies for their part.

Michael Richter - International Marketing- and sales consultant- is active in the world's markets - all 5 continents - more than 35 years. During the last 15 years he acts as an independent consultant to SMEs, accredited with the European Union and the major development banks - worldwide.
