

## NEOS Consumer Driven Healthcare Upgrades its Self Service Account Administration

Date: 05-20-2009 11:41 AM CET

Category: [Business, Economy, Finances, Banking & Insurance](#)

Press release from: [NEOS Healthcare](#)

NEOS Consumer Driven Healthcare launches version 2.1 of its employer self service HSA Management Module. NEOS CDH self service enables employers to easily manage the entire process of employee health savings account setup, plan creation, funding, and reporting, at a fraction of the administrative costs.

Accounts and plan data are easily accessed online by HR, for plan administration functions, and by employees for inquiry and contribution updates, regardless of employer size. Online reporting and analysis based on qualified medical expense data, as well as, premium and deductible data is always available. The real time data tools create a complete picture of plan participation and usage specific to the company.

NEOS CDH has also improved its secure healthcare document services for EOBs, Statements, Out of Pocket Receipts, and other healthcare attachments. These improvements include enhanced search capabilities and additional privacy options for personal image storage and retrieval.

NEOS Consumer Driven Healthcare is a HIPAA compliant third party administrator with a focus on CDH administrative services and products. NEOS is a provider of services and applications that drive self service functionality coupled with superior customer service. NEOS offices are located in Phoenix, Arizona. Additional information about NEOS Consumer Driven Healthcare can be found online at [www.NEOSCDH.com](http://www.NEOSCDH.com).
