

ROTOCONTROL signs Distribution Agreements in Finland and United Kingdom

Date: 06-02-2009 09:15 PM CET

Category: [Industry, Real Estate & Construction](#)

Press release from: [ROTOCONTROL GmbH](#)

Ahrensburg, Germany (May 29, 2009) □□ - Ralph Beier, ROTOCONTROL International Sales Manager, today announced the signed exclusive distribution agreements with AP&P Graphic Industrial Services in Finland and PGM Graphics Solutions in the United Kingdom who will provide ROTOCONTROL leading edge inspection, slitting, rewinding and die cutting finishing machines for the narrow web industry.

Established in 1999, AP&P serves the graphic, paper processing, packaging, wood and narrow web industry providing sales consultation, installation, and maintenance support.

“AP&P is very well connected and respected by narrow web clients throughout Finland. We are very pleased to list AP&P as our partner there.” states Ralph Beier.

Ari Pyykkö, Managing Director of AP&P commented, “Adding ROTOCONTROL to our other top brands like Gallus, Spilker and GEW gives our customers a real choice for finishing machines with the local support and service they expect to back them up.”

PGM Graphics Solutions operates on a global basis, specializing in buying and selling pre-owned Gallus/Arsoma label printing machines as well as distributing new machinery of other prime brands like Rotatek, FlexoWash and now also including ROTOCONTROL.

“Claus Nielsen at PGM has a built a great reputation in the UK, Ireland and Scandinavia with over 20 years experience in the narrow web industry. Our customers there will have the assurance of dealing with someone they know and trust.” states Ralph Beier.

Claus Nielsen of PGM said “I really liked the concept of the ROTOCONTROL finishing machines at first sight, but when I saw them in operation and assessed the quality and design myself, I realised that they were the right choice for my customers.”

About AP&P Graphic Industrial Services Oy

AP&P Graphic Industrial Services Oy was established in 1999 to serve the graphic industry, paper processing and packaging industry. AP&P provides gluing systems and UV-curing systems, in addition to products that serve the wood processing and narrow web industry.
