

## Dramm Introduces the New BP-4 Battery Operated Back Pack Sprayer

Date: 06-12-2009 09:48 PM CET

Category: [Energy & Environment](#)

Press release from: [Dramm Corporation](#)

Dramm Introduces the NEW BP-4 Battery-powered Back Pack Sprayer. Utilizing a rechargeable battery, the BP-4 has higher pressure than other back pack sprayers for better atomization or greater spray distance.

The New BP-4 is comfortable to wear and lightweight. This easy-to-use sprayer comes with several different nozzles for flexibility.

Perfect for PGRs, spot spraying and general chemical application.

For more information on the BP-4 visit the product web page at [www.dramm.com/html/main.isx?sub=206](http://www.dramm.com/html/main.isx?sub=206) or contact us at the 800/258.0848 or by email at [information@dramm.com](mailto:information@dramm.com).

The Dramm Corporation manufactures and distributes products for gardening, horticultural production and agriculture. Products include hand watering tools, sprayers, chemical applicators, irrigation systems, environmental control, merchandizing systems, organic fertilizers and consulting.
