Virginia / Karlsruhe, June 29th, 2009 – ABAS USA increased their customer footprint by adding Seed Hawk Inc, a company based in western Canada, to their arsenal of clients that continues to grow internationally . Seed Hawk, the world leader in manufacturing integrated zero tillage seeding systems, has replaced their out-dated accounting software with abas Business Software (ERP, PPC, MRP, eBusiness).

Special engineering

ABAS USA uses their expertise to satisfy the special engineering demands of Seed Hawk. With the robust functionality and flexibility of the abas ERP software, the decision was an easy one to make. ABAS also matched their values, such as: focusing on integrity, being customer oriented, and most of all, understanding that employees are the greatest asset within a company. Understanding those values and delivering customized state of the art software, fully optimizes the efficiency of their daily business. Seed Hawk will have a total of 12 abas ERP users, while the system runs on Linux.
