Stockholm, May 5th, 2006: Aftonbladet Nya Medier has signed a contract with Escenic to rollout Escenic Media System for its Web Content Management (WCM) solution. The new system will be employed for Aftonbladet.se and its numerous on-line services.

"User friendliness and flexibility for our platform and future innovations have been key factors for selecting our new Web Content Management solution. In Escenic we have found a development partner that shares our views on the future development and requirements of our industry. Together we will be able to further develop a winning solution for the future for both our on-line editorial staff, and our readers." comments Peter Frey, IT-manager Aftonbladet Nya Medier.

"Aftonbladet Nya Medier, being the largest and among the most innovative news-papers in Scandinavia, constitutes a strategic move forward for Escenic. In addition to being a valuable reference, Aftonbladet will be a highly important development partner for the advancement of smart ideas in Escenic product." comments Tom Skolbekken, Vice President Sales & Marketing Escenic.
