Press release from: [RotoControl GmbH](#)

Ahrensburg, Germany (July 29, 2009)- Ralph Beier, ROTOCONTROL International Sales Manager, today announced the signed distribution agreement with GraphixOne, located in Cincinnati, Ohio.

GraphixOne Corporation specializes in the Label and Packaging markets throughout North America selling many different types of equipment focusing on Manufacturing, Rebuilding/remanufacturing of presses and other converting equipment, 24 hour Service & Parts, and New and Used equipment sales.

“Entering the North American market is an important step for ROTOCONTROL and it was critical to find a partner that has the high level of local service and support that our customers demand. GraphixOne has the depth of sales and technical expertise we need to support our advanced technology finishing solutions” states Ralph Beier.

“We have been looking for a high quality and competitive web finishing line for our North American Digital market for several years now and have found that in the products manufactured by ROTOCONTROL. We couldn't be happier with the opportunity to represent such a fine company” states Spencer Spaulding, President of GraphixOne Corporation. “With our current sales and service network combined with ROTOCONTROL's engineering and manufacturing team we will be offering an unbeatable product for the Digital web finishing and web converting market segments”.

About GraphixOne Corporation

GraphixOne Corporation is a professional team of consultative sales and engineering associates that assist companies with new, pre-owned equipment and custom-engineered machines for labels, film and packaging applications. With over a century of Flexo industry experience, GraphixOne focuses on providing its clients with equipment solutions in the highly competitive printing industry at a price point that enables Flexo printers to maximize their ROI.
