

## DISH Network On Your New Television

Date: 12-12-2005 09:31 AM CET

Category: [Advertising, Media Consulting, Marketing Research](#)

Press release from: [VMC Satellite, Inc.](#)

Flat panel television, Wide Screen Television, and new televisions in general are all flying out of the retail stores and order online to be giving as Christmas Gifts. Most new owners want to get the best video reception for their new high definition televisions and they are wondering what is the best solution for their new TV.

The DISH Network is one of the best solutions for Satellite service and hold a number 1 ranking in customer satisfaction by J. D. Powers and Associates. The DISH Network was launched in 1996 and has quickly built up a customer base. In 1996 there was approximately 100,000 subscribers and now there are around 11,000,000.

The DISH Network offers over 500 channels of digital quality programming. Local channels are included where available.

VMC Satellite gives away a four room system, installation, digital video recorders (DVR), HDTV receivers, and lifetime warranties for no charge. They also will install the DISH Network system the next day if you order by 10 am, but this excludes the weekend. A professional DISH Network installer will come and install a new system in up to four rooms at no charge. They will add 25 channels of HBO, Showtime, and Cinemax movie channels free for three months.

VMC Satellite, Inc. is the Largest Independently owned DISH Network/Echostar retailer. VMC Satellite, Inc. is currently responsible for approximately 4% of Echostar's new subscribers and is the only company selected by the United States Government to install satellite TV service in Congress. VMC Satellite is a wholly owned subsidiary of InPhonic (NASDAQ: INPC). We are headquartered in Washington, D.C. and maintain technology and operations centers in Largo, Maryland, Long Island City, New York, and Reston, Virginia.
