

SKIM strengthens Team: Vincent Screene BSc. FRICS appointed as Joint Managing Director

Date: 09-29-2009 09:12 PM CET

Category: [Industry, Real Estate & Construction](#)

Press release from: [SKIM Schüler Knedel Immobilienmanagement GmbH](#)

With 48-year-old Vincent Screene BSc. FRICS the Frankfurt Asset Management Specialists SKIM Schüler Knedel Immobilienmanagement GmbH have succeeded in gaining a managing director with extensive international property experience. Together with the company founders and managing directors Uwe Schüler MRICS and Thomas Knedel MRICS, he will focus in particular on international mandates and the field of property optimization and repositioning.

Vincent Screene BSc. FRICS was previously an independent consultant and is a current board member of RICS Deutschland. Earlier in his career he worked as project developer with one of the leading investment/ development companies listed on the London stock exchange. In 1989 he moved to the Frankfurt subsidiary. There he was responsible for the development of the German portfolio. In 1993 he went to a regional investment group and was responsible for the company's development and management of the office and retail portfolios. Since 2002 he had focused his activities on portfolio and asset management and among other things acted as advisor and principal for British fund companies.

Director Uwe Schüler commented: „Mr Screene fits perfectly into our company. He forms an important bridge to our international customers and covers a substantial part of our increasing workload. Through his many years of experience in property development and optimization, we can offer our clients even more specific sustainable concepts in order to generate the desired “added value” which, today more than ever, is in focus.”

About SKIM:

As real asset management specialists SKIM Schüler Knedel Immobilienmanagement GmbH made their name through the

management of complex real estate company entities with differing legal forms and the management and agency of the properties therein. The service on behalf of international and national clients comprises all aspects of asset management and property management – from strategic and operative planning and controlling to extensive Reporting in accordance and complying with international standards. The service spectrum ranges from the traditional asset management to the management, co-ordination and realisation of refurbishments and project developments.
